

# We're reducing our Carbon Footprint

The Block House Municipal Utility District Board of Directors has chosen to utilize a more sustainable option for distributing the monthly newsletter. The MUD **Update**, which has been mailed with your water bill in the past, will now be distributed electronically via email, the District website ([www.blockhousemud.com](http://www.blockhousemud.com)), and the District Facebook page ([www.facebook.com/BlockHouseMUD](http://www.facebook.com/BlockHouseMUD)). This small change will make a big difference--saving postage and over 25,000 sheets of paper annually (which translates into taxpayer money).

Residents who prefer to have a paper copy of the **Update** mailed to them should fill out this form and bring it to the Walker House (2600 Block House Drive South), mail it to Block House MUD (PO Box 129/Leander, TX 78646), put it in the drop box in front of the Walker House, or email [walkerhouse@blockhousemud.com](mailto:walkerhouse@blockhousemud.com).

☐ Please add me to the District email distribution list for newsletters and other information
